Profiles : [Personal](#) | [GitHub](#) | [StackOverflow](#) | [LinkedIn](#)

A Web & Mobile Developer with 7+ years of experience in designing & developing user interfaces, testing, debugging, & training staff within the latest technologies. Proven ability in optimizing web functionalities that improve data retrieval & workflow efficiencies.

I am passionate to design & develop Web as well as Mobile based applications with the help of cutting edge technologies. I like to work with UI, APIs, Database Designs etc. I have a solution finder attitude towards problems I face. I also like to explore new technologies to improve my knowledge for the betterment of myself & my organization.

## EXPERIENCE

**Publicis Sapient, Mumbai – Senior Experience Technology** (Nov 2021 - PRESENT)
